THE REAL THING IN N-SCALE

*Reserve Today*

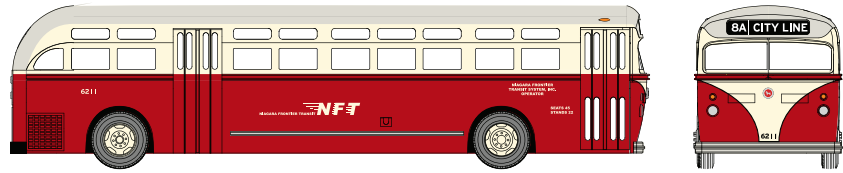

*You basic transportation that Mom or Pop would remember:  
The bouncing air-cushioned ride; The roar of the ENDT 673 diesel; The cloud of black exhaust (beware for those who follow too closely); Nature's a/c except when you're stopped;  
Who can beat the 10 cents fares with free transfers?*

*A new round of well-researched motor coaches for your N scale communities;  
For you to make your little streets come alive!*
